# Local POS operating manual

Evidence label: LOCAL TEST - NOT FOR SUBMISSION

## Scope
This is a factual software operating guide for the local POS surface at http://127.0.0.1:5182. It is not a machine-manufacturer brochure.

## Verified flow
1. Open the local POS login screen.
2. Sign in with a permitted local DGFY or cashier account.
3. Select the local company and continue to POS.
4. Use Sell for catalog/cart operations and History for persisted transaction lookup.
5. Use Reports for local sales/reading outputs and Settings for POS setup.
6. Use the local Evidence/Reports surface for the e-journal export when the selected scope contains finalized fiscal records.
7. Keep the terminal connected to the local API for server-authoritative finalization; offline mode is visibly restricted according to th

## Hardware applicability
No manufacturer model or printer brochure is asserted by this software-only run. A genuine brochure is required only if a specific machin
